

ASL Flashcards - Printing Instructions

1. We recommend printing on card stock or thicker paper to make the cards stiffer and more durable. Laminate the pages if desired for added protection.
2. Make sure the PDF is **printed double sided** such that the ASL Handshape is on the back of the picture of the object or action. Ensure that the printer **flips the pages on the short edge**.

3. i. The default printing orientation (Auto) should show the print display as such:

- ii. If not, set the printing orientation to **Landscape**.

4. Cut along the dotted lines.

*Please note duplication indicates alternate handshape or finger-spelling.
